

# PowerVerter 1800 HF

Model: PV1800HF

## Description

Harness your vehicle's battery to efficiently power office equipment on the road or power tools at a work site. Continuously supplies up to 1800 watts of 120V AC power to 3 AC outlets from any 12V battery or automotive DC source. Includes a set of nut and bolt style DC terminals for simple installation. Super-compact, lightweight metal case design is among the smallest, most rugged inverters available at this power level.

## Key Buying Points

- Allows users to run AC appliances from a properly-sized 12V battery or automotive DC system
- Converts 12V DC battery power to 120V AC power
- 1800 watts continuous output power; 3000 watts peak output power
- 3 outlets
- Ultra compact, lightweight design with all-metal housing
- Diagnostic LED indicates low battery-voltage
- Low battery alarm with auto-shutoff prevents deep battery discharge
- High-efficiency operation conserves batteries to prolong run time
- (6) 40-amp fuses protects inverter from overload
- Lighted power switch

## Typical Applications

Ideal for complete desktop computer systems, laptops, portable electronics, refrigerators, coffeepots, microwave ovens, battery chargers for cell phones, pagers, notepads and games, large power tools, TV-VCR-stereo systems, camcorders, lighting and other power AC applications under 1800 watts.

## Package Includes

- PV1800HF inverter
- Warranty information
- Instruction manual
