

2 / 4-Port VGA Video Splitter

Split an identical VGA signal (up to 210 ft.) to 2 / 4 outputs

Features

- Split VGA signals into 2 / 4 outputs
- Amplify the VGA signal to transmit over distance of up to 210 ft. - that is 8 times farther than the support of a typical video card
- High signal bandwidth of 350MHz to support high quality video
- Daisy chainable to increase monitor support
- Supports VGA, SVGA and Multi-Sync monitors
- Plug-n-Play, No driver needed
- Limited 5 Year Warranty

Specifications

Cable	(1) x 6' VGA (male to male) Cable (1.8m)
Housing	Plastic
LED's	(1) x Blue (Active), (1) x Orange (Power)
Operating Humidity	10% to 85%, non-condensing
Operating Temperature	5°C~40°C (41°F~104°F)
Power Adapter	AC 9V 600mA
Power Consumption	AC 9V, Normal Operation 200mA, Idle 10mA
Resolution	1920 x 1440
Storage Humidity	5% to 90%, non-condensing
Storage Temperature	-20°C~60°C (-4°F~140°F)
Unit Dimensions (L x W x H)	2-port: 2.875 in. (7.3 cm), 2.5 in. (6.4 cm), .75 in. (1.9 cm) 4-port: 3.25 in. (8.3 cm), 2.5 in. (6.4 cm), .75 in. (1.9 cm)
Unit Weight	2-port: 2.8 oz. (0.08 kg) 4-port: 3.5 oz. (0.1 kg)
Video Input Connector	(1) x HDB-15 female (VGA)
Video Output Connectors	(2) x HDB-15 female (VGA)

Requirements

- Computers and monitors with HDB15 VGA connector

Package Contents

- 2 / 4-Port VGA Video Splitter
- VGA Cable (6 ft.)
- Power Adapter
- Quick Start Guide
- Warranty / Registration Card
