

AR-MB6 · AR-MB7 AR-MB7P · AR-MB7M

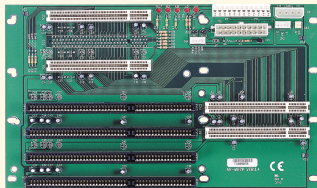

Backplane

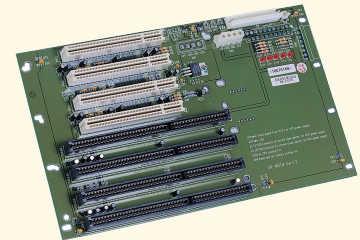

AR-MB6
6 slot ISA-Bus Passive Backplane

AR-MB7
7 slot ISA-Bus Passive Backplane

AR-MB7P
2 ISA/2 PICMG/3 PCI
Slot Passive Backplane

AR-MB7M
Mixed PCI-ISA 7 Slot Passive Backplane

AR-MB6

Specifications:

- 4-layers PCB with ground and power planes for reduced noise and lower power impedance
- One LED power indicator
- Dimension: 142.2 mm x 170.1 mm

AR-MB7

Specifications:

- 4-layers PCB with ground and power planes for reduced noise and lower power impedance
- One LED power indicator
- Dimension: 152.4 mm x 170.1 mm

AR-MB7P

Specifications:

- 4-layers PCB with ground and power planes for reduced noise and lower power impedance
- AT Power connector (ATX optional)
- Five LED power indicator
- Dimension: 259.1mm x 152.4 mm

AR-MB7M

Specifications:

- 4-layers PCB with ground and power planes for reduced noise and lower power impedance
- AT Power connector
- Five LED power indicator
- Dimension: 259.1mm x 152.4 mm
