The StarTech.com
Advantage:

Support and Resources: Single point of contact for all your questions; exclusive online tools and free live technical support

Save Time Sourcing: A complete selection of high-demand and hard-to-find products from one vendor

Best Value: StarTech.com products offer the best combination of features and price

Exclusive Resources: Complete product information and tools available at www.startech.com

Converge A/V VGA over Cat5 UTP Extender
StarTech ID: ST121UTP

The Converge A/V VGA over Cat5 video extender allows up to 4 (2 local and 2 remote) monitors to be connected to a single PC. The video signal is sent to remote monitors over standard 4 pair Category 5 UTP cable using RJ45 connectors and supports distances of up to 150m / 500ft. The ST121UTP is an out-of-the box solution that includes both the local transmitter and remote reciever.

Allow Converge A/V to provide you with digital signage solutions. Applications include airports, bus depots, retail, or any large buildings where video needs to be delivered at long distances.

Applications and Solutions
> For applications where the display is placed in a convenient viewing area, but the system equipment is placed elsewhere in a
> Ideal for industrial sites with harsh environments
> Ideal for digital signage applications in financial, educational, and business sectors
> Ideal for video conferencing and demo stations

Features
> Consists of 1 Base unit for the local display, and 1 Remote unit for the remote display (up to
   2 monitors can be connected at each location)
> Extends video cables by up to 500 ft. (150m)
