4 Port PS/2 StarView KVM Switch Kit with Cables

StarTech ID: SV411K

A space-efficient, reliable and cost-effective KVM switch for multi-PC users.

StarTech.com's SV411K is the reliable solution for call center, help desk and SOHO environments and when integrating enterprise computer systems together. The SV411K is a reliable computer management tool that allows you to control multiple computers from one source, minimizing downtime by making connected computers and input devices available as soon as they are attached.

A ready-to-use, out-of-the-box solution, the SV411K 4 port KVM switch kit comes complete with four reliable StarTech.com 3-in-1 cables to remove tangles and help organize your workspace.

Cable ports are located at the rear of the SV411K providing easy, no-nonsense cable identification and organization. Ports are switched by pressing a button on the unit, or by entering a simple keyboard hot-key sequence. The StarView prevents boot-up errors by providing keyboard and mouse emulation to the non-selected PC. Its low cost, super small footprint design, and high 1920x1440 resolution display capability make this switch perfect for any application where reliability and cost-effectiveness are a necessity.

Applications and Solutions

- > Allows one monitor/mouse/keyboard to manage up to four IBM-compatible computers

Features

- > All cables are connected to the rear for a more secure and neat connection
- > Keyboard and mouse allow for hot plugging without having to turn either the KVM or the PC off
- > Supports M/S IntelliMouse(Pro), Explorer, Optical mice
- > Supports PS/2 keyboard and mouse emulation for error-free PC bootup
- > Unique 3-in-1 cables included prevent keyboard and mouse connectors from becoming loose

Specifications

- > Color Black
- > Connector Types 2 - 6 DIN Female
- > Connector Types 1 - High Density DB15 Female
- > Connector Types 4 - High Density DB15 Male
- > Enclosure Type Plastic
- > KVM Audio No
- > KVM Cascadable No
- > KVM Dual No
- > KVM DVI No
- > KVM Interface PS/2
- > KVM IP Control No
- > Number of KVM Ports 4
- > KVM Rackmount No
- > KVM TFT None
- > Product Length 185
- > Maximum Number of Computers 4
- > Maximum Video Resolutions 1920 x 1440
- > Maximum Number of Users 1
- > Carton Quantity 6
- > Shipping (Package) Weight 3.09 lb [1.4 kg]
- > Product Width 86
- > No. of Computers Supported 4
- > Auto Scan Interval 3, 8, 15, 30 seconds
- > Cable Lengths 4ft x 2(1.2m x 2) 5.9ft x 2(1.8m x 2)
- > VGA Resolution 1920 x 1440
