## 4 Port StarView USB KVM Switch

StarTech ID: SV431USB

StarTech.com's SV431USB is the reliable solution for server room and industrial computer environments. The SV431USB is a reliable computer management tool that allows you to control multiple computers from one console; minimizing downtime by making connected computers and input devices available as soon as they are attached. An all-metal, chassis provides SV431USB with a rugged and durable body that adds to the unit's reliability and dependability. This reliability is cemented in the 30 series of StarView KVM switches with a dependable 3-year limited warranty.

The SV431USB is a true cross platform USB KVM that ensures a smooth and reliable operating experience. This integrated KVM switch also functions as an USB hub allowing the selected computer to have access to up to 4 USB devices. The SV431USB works with any operating system that supports the USB human interface device specification.

Note: Users who wish to use an Apple Macintosh keyboard on the console must also purchase SVUSBPOWER.

### Applications and Solutions

- > Sharing computers and USB devices in the home/SOHO/multimedia environment
- > Switches instantly between PCs
- > Switching USB peripherals between PC's

**Support and Resources:** Single point of contact for all your questions; exclusive online tools and free live technical support

**Save Time Sourcing:** A complete selection of high-demand and hard-to-find products from one vendor

**Best Value:** StarTech.com products offer the best combination of features and price

## Features

- > "Keep-alive" feature draws power from PC keyboard ports if power is lost. Switch will continue to operate during power outage even if it loses power, retaining mouse control.
- > A dependable 3-year warranty provides peace of mind.
- > Compatible with all notebook computers.
- > Control 4 PCs, G3/G4 Macs or IMACS from one USB keyboard/mouse/monitor.
- > Fast switch-buttons for each port provide quick access to any connected system.
- > High 1920x1440 resolution capability supports the most demanding applications.
- > Hot-plug to allow computers to be added or removed without worrying about having to reboot the other connected systems.
- > Rugged, all-metal 1U chassis for use in harsh environments and space-saving cabinets.
- > USB self-power operation.

## Specifications

- > Color Black
- > Connector Types 1 - 8 DIN Female
- > Connector Types 4 - USB A Female
- > Connector Types 4 - USB B Female
- > Connector Types 1 - High Density DB15 Female
- > Connector Types 4 - High Density DB15 Male
- > Enclosure Type Steel
- > Product Height 1.73 in [44 mm]
- > KVM Audio No
- > KVM Cascadable Yes
- > KVM Dual No
- > KVM DVI No
- > KVM Interface USB
- > KVM IP Control No
- > Number of KVM Ports 4
- > KVM Rackmount Yes
- > KVM TFT None
- > Product Length 8.66 in [220 mm]
- > Maximum Number of Computers 4
- > Maximum Video Resolutions 1920 x 1440
- > Maximum Number of Users 1
