

2 Port Mini USB KVM Kit with Cables and Audio Switching

StarTech ID: SV211KUSB

If you are looking for a KVM that won't clutter your workspace, the SV211KUSB is your complete out-of-box solution. With hotkey switching and audio support, the SV211KUSB packs all the functionality you need into a form factor the size of a deck of playing cards.

Unlike integrated cable KVMs, the SV211KUSB is a kit that includes a set of 4 ft. cables for additional flexibility. With a maximum supported resolution of 2048 x 1536, this KVM is perfect for home offices, gaming enthusiasts, and multimedia production workstations.

Applications and Solutions

- > Controlling up to 2 USB-enabled computers using a single keyboard, mouse, and VGA monitor.
- > Applicable for call centers, help desks, education environments, home gamers, video editing, and PC enthusiasts.

Features

- > Cables (4 ft.) included
- > Includes audio support for a complete switching solution
- > Maximum resolution: 2048 x 1536
- > Supports USB enabled keyboard and mouse emulation for error-free PC boot-up
- > Switching type: Hotkey, push-button

The StarTech.com

Advantage:

Support and Resources: Single point of contact for all your questions; exclusive online tools and free live technical support
